

Biofourmis Privacy Policy

Biofourmis Singapore Pte. Ltd. is a private limited company incorporated in Singapore ("**Biofourmis**"). "**us**", "**we**" or "**our**"). We discover, develop and deliver clinically-validated software-based therapeutics for complex chronic conditions to provide better outcomes for patients and advanced tools for clinicians to deliver personalized care and cost-effective solutions.

This Privacy Policy applies to our or any third party wearable medical devices that is used in conjunction with our Software (as defined below) (each a "**Device**" and collectively the "**Devices**"), our website located at <https://www.biofourmis.com> ("**Site**"), the biovitals™ software or any other software that we make available to you ("**Software**"), Biofourmis mobile applications (each an "**App**" and collectively the "**Apps**") and all of the services available therein (collectively referred to in this Privacy Policy as the "**Biofourmis Service**") that may be provided by one or more of our affiliates.

By visiting the Sites, using our App, creating an account with us and/or using the Biofourmis Service you consent to the collection, use and transfer of your personal data in accordance with this Privacy Policy.

1. What information do we collect about you?

If you are a user of the Biofourmis Service, we may collect information that personally identifies you, including your name, telephone number, medical data and physiological information ("**personal data**") either directly from you or your medical practitioner, hospital and/or insurance company. We collect such personal data to provide you with the Biofourmis Service and (with your consent) to provide you with offers and information about the Biofourmis Service and other products or services we think you may be interested in.

We will indicate if the collection and provision of certain categories of personal data is mandatory. For any such categories, we may not be able to provide you with access to the Biofourmis Service if you do not provide us with the required information.

Please see below for more details on the types of personal data that we may collect from you.

When you activate a Device

When activating a Device, you will be asked to download the App or install Software and enter information about yourself, such as name, email, phone number, age, height, weight and gender. Depending upon the specific Device you use, it can also collect data such as your heart rate, blood pulse wave and body temperature on an ongoing basis and transmit this data to Biofourmis. We use this information to personalize your results provided under the Biofourmis Service – for example, to provide personalized health models which predict or signal health deterioration, health improvement and medication effect. The type and categories of data collected depends on the Device that is used. To see the full list of data that your Device collects, please consult the brochures that were provided together with your Device or the App.

When you create a Biofourmis account

When you create a Biofourmis account, we ask for some personal data, including your name, email address, telephone number, date of birth, age, height, weight and gender. You can customize your

Biofourmis experience by, personalizing your profile with photos. Whenever you add this type of data, we collect it and store it in your Biofourmis account.

When you visit our Sites

Biofourmis collects industry standard data from everyone who visits our Sites — even if you don't have a Biofourmis account. This includes log data that automatically records information about your visit, such as your browser type, operating system, the URL of the page that referred you, the different actions you performed, and the IP address you used to access pages on the Site. We use this type of information to provide you with an experience that's relevant to your location based on the IP address, to prevent Site misuse, and to ensure the Site is working properly. We also collect data from cookies. To see the full list of cookies we use and how we use them, please read our Cookie Policy below.

When you sync your data

When you sync your data, your personal data recorded on your Device is transferred from your Device to our servers. This data is stored and used to provide the Biofourmis Service and is associated with your account. Each time you sync your data, we log data about the transmission. Some examples of the log data are the sync time and date, device series number, device battery level, and the IP address used when syncing.

When you contact us for help

Whenever you contact Biofourmis for help, we collect your name and email address along with additional information you provide in your request so that we can provide you with assistance and improve the Biofourmis Service.

When you activate location features

The Biofourmis Service includes features that require the collection of specific location data, including: GPS signals, device sensors, Wi-Fi access points, and cell tower IDs. We only collect this type of data when you use the App. We stop collecting this type of data when you stop using the App or deactivate location service. We store this information in your Biofourmis account.

Information from third parties

We may obtain your personal data from third party sources (e.g. healthcare providers, insurance providers, etc.) that is necessary to provide you with the Biofourmis Service. Examples of such personal data we may obtain from third party sources include your name, contact details, and medical history.

2. How we use your personal data

If you are a user of the Biofourmis Service

You consent to Biofourmis collecting, using and disclosing your personal data for the following purposes:

- performing obligations in the course of or in connection with our provision of the Biofourmis Service requested by you;
- verifying your identity;
- disclosing or transferring your personal data to other entities within the Biofourmis group of companies (collectively the "**Affiliates**") to allow them to provide you with the Biofourmis Service requested by you and contact you in relation to the Biofourmis Service;
- disclosing or transferring your personal data to independent third parties. This may include communicating your personal data and health information to your insurance provider and such other third party health care providers (including without limitation, hospitals, medical practitioners, nurses and first responders) and allowing such health care providers to contact you directly to provide any professional medical assistance where necessary;
- responding to, handling, and processing your queries, requests, applications, complaints, and feedback;
- subject to your consent, sending you notifications and to inform you about new features or products we think you would be interested in. You may withdraw your consent by contacting us at the email address provided below or follow the steps to unsubscribe which are presented in communications you receive from us;
- data and logs are used in research to understand and improve the Biofourmis Service; to troubleshoot the Biofourmis Service; to detect and protect against error, fraud or other criminal activity; and to protect the security or integrity of the Biofourmis Service;
- complying with any applicable laws, regulations, codes of practice, guidelines, or rules, or to assist in law enforcement and investigations conducted by any governmental and/or regulatory authority; and
- any other incidental business purposes related to or in connection with the above.

In the event of a corporate sale, merger, reorganisation, dissolution or similar event, your personal data may be part of the assets that is transferred ("**business asset transaction**"). You consent to such transfer and you acknowledge and agree that any successor or acquirer of Biofourmis or its assets will continue to have the right to use your personal data and other information in accordance with the terms of this Privacy Policy.

Biofourmis may share aggregated, de-identified data that does not identify you, with partners and the public in a variety of ways, such as by providing medical or health-related research or reports. When we provide this information, we perform appropriate procedures so that the data does not identify you and we contractually prohibit recipients of the data from re-identifying it back to you.

3. Retention of your personal data

We will only retain your personal data until it is reasonable to assume that such retention no longer serves the purpose for which your personal data was collected and is no longer necessary for legal or business purposes.

4. Access to your personal data

We will use all reasonable endeavours to keep your personal data accurate, complete, up-to-date, relevant and not misleading. Please contact us at privacy@biofourmis.com if you would like to access the personal data that we hold about you, correct any personal data that is inaccurate, incomplete or out-of-date, withdraw your consent to the collection, use and disclosure of your personal data or to request that your personal data be deleted. We will use reasonable endeavours to provide a complete list of your personal data, correct or delete your personal data within a reasonable period of receipt of your request. In relation to any request for access to any personal data, we reserve the right to charge a nominal fee for the processing of this request in accordance with applicable local legislation.

Deletion of your account with us will not automatically delete the personal data held about you. If you would like to request that we delete all personal data together with the deletion of your account, please contact us at privacy@biofourmis.com. Our ability to comply with your deletion request is subject to any applicable legal or other requirement to maintain certain records of your personal data. In that regard, please note that the deletion of your personal data from our database will result in us not being able to provide you with the Biofourmis Service.

5. Biofourmis's policies for children

This Privacy Policy is not directed at persons under the age of 13. We do not knowingly collect any personal data from children under 13. If you are aware of a user under the age of 13 using the Biofourmis Service, please contact us at privacy@biofourmis.com.

If you are under the age of 18, you may only use the Biofourmis Service with the consent of and under the supervision of your parent or legal guardian who shall be responsible for all your activities.

6. Storage and security of your personal data

We will use all reasonable endeavours to maintain the security of your personal data and to protect your personal data from misuse, interference and loss and against unauthorized collection, copying, access, modification or disclosure. We will destroy or anonymize any personal data we hold about you which is no longer required under the terms of this Privacy Policy. Where you have chosen a password to access the Biofourmis Service, you are responsible for keeping your password confidential. Do not share your password with anyone.

Due to the nature of the internet, we do not provide any guarantee or warranty regarding the security of your personal data during transmission to or storage by us and you acknowledge that you disclose your personal data to us at your own risk. Please contact us immediately if you become aware or have reason to believe there has been any unauthorized use of your personal data in connection with the Biofourmis Service.

The personal data you provide to us will be transferred to and stored with a cloud service provider with servers that are located in various jurisdictions. In addition, some of the Affiliates to which your personal data may be disclosed or transferred under Section 2 above may be located outside your home jurisdiction. Some of these countries may not have the same or substantially similar privacy laws than those of your home jurisdiction. In those circumstances, Biofourmis will ensure that

recipients in those countries will provide you with a standard of protection that is at least comparable to the protection of your home jurisdiction.

7. Cookie Policy

Some of the information that we collect will not personally identify you but will instead track your use of the Biofourmis Service or the Sites so that we can better understand how the Biofourmis Service is used by end users and in turn enhance and improve your experience in using the Biofourmis Service. This information can be obtained through the use of cookies. Cookies are a small data file transferred to your device that recognises and identifies your device and allows your device to 'remember' information from the Sites for future use. We may collect technical information from your web browser or mobile device or your use of our services through a web browser or mobile device, for example, location data and certain characteristics of, and performance data about your device, carrier/operating system including device and connection type and IP address. Unless you have elected to remain anonymous through your device and/or the web browser, the abovementioned information may be collected and used by us automatically through your use of the Biofourmis Service or the Sites.

You have a number of options to control or limit how we and our partners use cookies and similar technologies, including for advertising.

- Although most browsers and devices accept cookies by default, their settings usually allow you to clear or decline cookies. If you disable cookies, however, some of the features of the Biofourmis Service may not function properly.
- To prevent your data from being used by Google Analytics, you can install Google's opt-out browser add-on by visiting <https://tools.google.com/dlpage/gaoptout>.
- To opt out of ads on Facebook, Pinterest, or Google that are targeted to your interests, use your Facebook, Pinterest, or Google Ads settings.
- Check your mobile device for settings that control ads based on your interactions with the applications on your device. For example, on your iOS device, enable the "Limit Ad Tracking" setting, and on your Android device, enable the "Opt out of Ads Personalization" setting.

The Sites do not respond to Do Not Track signals because we do not track our users over time and across third-party websites to provide targeted advertising. However, we believe that you should have a choice regarding interest-based ads served by our partners, which is why we outline the options available to you above.

8. Changes to our Privacy Policy

Biofourmis reserves the right to amend all or any part of this Privacy Policy. Any changes will be notified through the Sites, Biofourmis Service and/or, where appropriate, through e-mail notification. Your continued use of the Site or the Biofourmis Service with us after any such changes are notified to you constitutes your agreement to this Privacy Policy as amended.

9. Other Apps

The Apps or Sites may have links to other apps or websites. We are not responsible for the security or privacy of any information collected by such apps or websites and, while we do not permit those apps or websites to track your use of the Biofourmis Service or the Sites, we are unable to control whether such tracking mechanisms are implemented by those apps or websites. You should exercise caution and review the privacy statements applicable to the third-party websites and services you use. The use of online tracking mechanism by those third-party websites and services is subject to those third parties' own privacy policies, and not this Privacy Policy.

10. Effect of Privacy Policy

This Privacy Policy applies in conjunction with any other policies, notices, contractual clauses and consent statements that apply in relation to the collection, use and disclosure of your personal data by us.

11. Contact Us

All comments, queries and requests relating to our use of your personal data are welcomed and should be addressed to our data protection officer at privacy@biofourmis.com.
